Mr. George A. Hashim
The Council for Tobacco Research-USA, Inc.
900 Third Avenue
New York, NY 10022

Dear Mr. Hashim:

On behalf of the FASEB office and my co-chair, Dr. Bohr, I wish to thank The Council for Tobacco Research-USA for your generous support of our upcoming Conference on Clonal Senescence and Differentiation. Your contribution will enhance participation by the younger members of the gerontologic research community, they most vital to the future success of our research community.

It will be my pleasure to share with you the Chairman's highlights from the meeting. Please let me know in the interim if additional information will be helpful to you. With best wishes.

Sincerely yours,

Barbara A. Gilchrest, M.D.
Professor and Chairman
